Mr. Denny Schneider
Chair LAX/Community Noise Roundtable
c/o Los Angeles World Airports Noise Management
1 World Way
Los Angeles, CA 90009

Dear Chairman Schneider:

Thank you for your letter dated March 30, 2022, regarding the LAX/Community Noise Roundtable Lady J proposal and alternative option. We appreciate the efforts of the LAX/Community Noise Roundtable to work with local communities to address noise concerns.

The FAA is conducting a preliminary assessment of the Lady J proposal, including the alternative option presented at the March 16, 2022, Roundtable meeting. This preliminary assessment is planned to be completed in July 2022, and we are tentatively planning to brief you at the July 20, 2022, Roundtable meeting.

We value our working relationship with the LAX/Community Noise Roundtable and your collaborative work with airport roundtable members and nonmember communities impacted by aircraft noise. The FAA's primary mission is to provide the safest and most efficient aerospace system in the world. We will continually strive to improve the safety and efficiency of flight in this country.

If we can be of further assistance, please contact Michael Wilson, Community Engagement Officer. He can be reached at Michael.Wilson@faa.gov, and at (424) 405-7000.

Sincerely,

A handwritten signature in blue ink, appearing to read "Tamara A. Swann".

Tamara A. Swann
Acting Regional Administrator
