

C9 North Temporary Vehicle Service Road Opening

Effective January 13, 2020 at 0001 local, all airport vehicle traffic will use the new North vehicle service road (VSR) across Taxilane C9 between Terminal 4, Gate 40 and Terminal 5, Gate 51A.

The new vehicle service road is part of the Terminal Cores 4.5 Project in preparation for the tower crane mobilization. The VSR will be in this configuration until gate 51A opens in 2021. At that time, the temporary VSR will be removed.

For questions or comments regarding this advisory, please contact Airfield Manager, Jeff Mort, jmort@lawa.org.

Issue Date: December 20, 2019

Subject: C9 North Vehicle Service Road Opening
