**Thursday,
March 23, 2017
8:30 am**

Los Angeles City Hall
Council Chamber Room 340
200 N. Spring Street
Los Angeles, CA 90012

About LAMP

The Landside Access
Modernization Program (LAMP)
consists of a series of projects
to improve the LAX passenger
experience, relieve congestion,
and enhance LAX's status as
a world-class airport. These
improvements include:

- > An elevated, 2.25-mile
Automated People Mover System
- > Two Intermodal Transportation
Facilities with parking areas
allowing for drop-offs and
pick-ups from vehicles,
buses, shuttles, taxis and
ride-sharing services
- > A Consolidated Rental Car
Facility which will combine
the rental car agencies
into one location
- > A comprehensive series of
roadway improvements to
alleviate traffic congestion
in and around airport facilities
- > Connecting LAX with Metro's
proposed Airport Metro
Connector Station, to be located
at 96th Street/Aviation Boulevard

Proposed Amendments to the General Plan including the LAX Plan, Westchester-Playa del Rey Community
Plan, Mobility Plan 2035; amendments to the LAX Specific Plan and related zone changes will be
considered at this meeting.
