While many may assume sponsorship is as simple as hiring a graduate, it is much more. Sponsoring a graduate from the HireLAX Apprenticeship Readiness Program is a commitment. A contractor extends an opportunity to a graduate, the graduate is then able to go onto schooling for the respective union, and from there, continue onto becoming a journeyman or journeywoman.

Similar to a child taking their first steps, for many graduates, their sponsoring contractor is something they will never forget. 32 contractors made the commitment to the residents of Los Angeles, by giving a HireLAX graduate a chance!

To the sponsoring contractors of 2024,
