

Construction Hot Topics

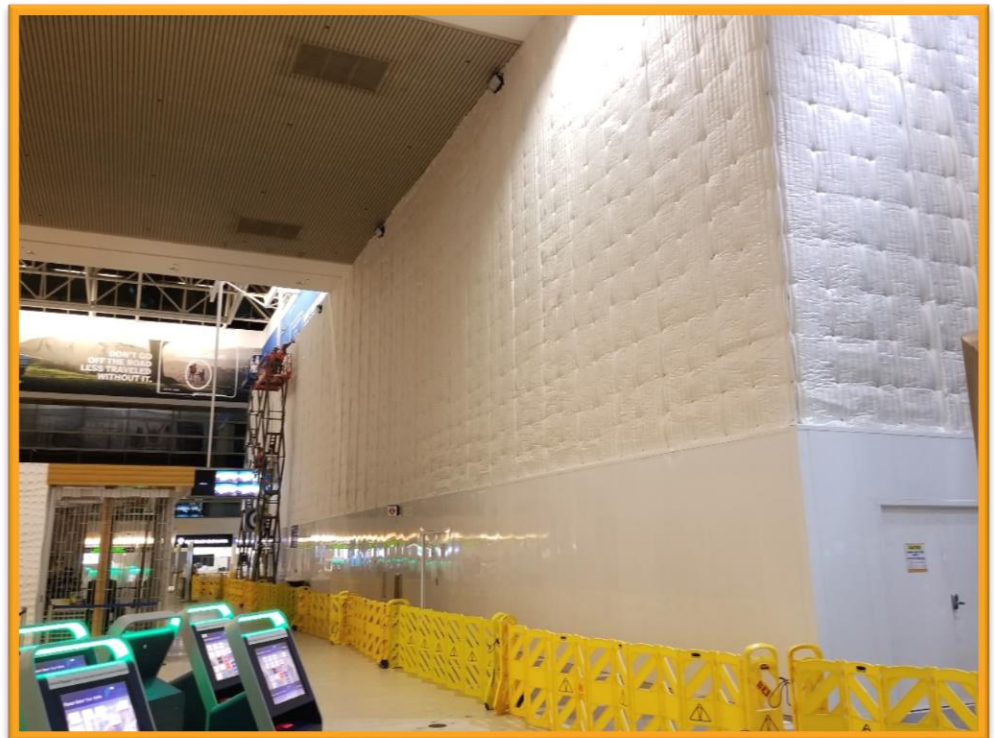

Week of April 6, 2020

1. Terminal B: Construction Barricades

- As part of the Terminal B Core & APM Interface Project, construction barricades are being built inside the terminal on the Departures Level to facilitate future construction; wayfinding signage is in place to detour passengers as necessary

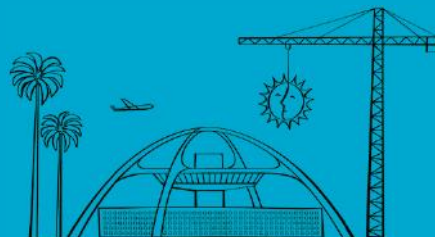

*Terminal B
Departures Level*

Change is in the Air(port).

LAX WAY BETTER. REALLY.

Construction Hot Topics

Week of April 6, 2020

2. CTA Roadways: Departures Level Terminal 2 / 3:

- Progress continues on the temporary pedestrian sidewalk and protective canopy on the Departures Level between Terminals 2 and 3 (Delta Sky Way Program)
- This week, plywood is being installed on the barricade walls; barricades are expected to be completed early this month
- Signage is in place for pedestrian and vehicular detours, including the relocated Hotel & Private Parking Shuttle Stop

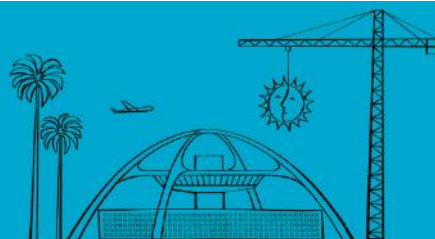

Departures Level construction between Terminals 2 & 3 (roadway)

Change is in the Air(port).

LAX WAY BETTER. REALLY.
